

TMQA STAFF UPDATE

TMQA is pleased to announce that **Katarina Eghan** has been appointed as head of our Clinical QA team and **Rhona McAteer** has been appointed as Associate Director within our Executive Group.

Katarina has been the Director of our Central European operation since it was established in 2014. With effect from 1st May, Katarina will be responsible for managing our Clinical QA projects.

Rhona will join the Directors in the newly-formed Executive Group, which will be responsible for the oversight of our QA services and the delivery of multidisciplinary projects. She will continue to provide clinical, manufacturing and medical device audits, training and consultancy.

The revised structures are shown below.
